Sanchez, WildHorse CEOs Share Success Stories at 2017 DUG Eagle Ford Conference

HOUSTON (July 24, 2017) – The CEOs of Sanchez Energy and WildHorse Resource Development will discuss their companies' cumulative 720,000 net acres in the Eagle Ford at the 2017 [DUG Eagle Ford](#) conference and exhibition in San Antonio, TX.

In the opening keynote presentation, Sanchez Energy CEO Tony Sanchez III will share plans for driving profitability across the company's 335,000 net acres in the Eagle Ford. Sanchez will share more from the company's portfolio, the play economics and the newly acquired wells producing over 76,000 BOE/d.

WildHorse's CEO, Jay Graham will discuss the company's growth in the Eagle Ford through the operator spotlight titled *Spreading Its Wings*. WildHorse's **~385,000 net acres** in the liquids-rich core of the Eagle Ford has established the company as the region's second largest operator. Graham's presentation will be later followed by the afternoon keynote presentation from **Marathon Oil**, a tech roundtable led by **Pioneer Natural Resources** and **NCS Multistage** and more, including:

- **Chip Simmons**, CEO, *Titanium Exploration Partners LLC*
- **Martin Thalkin**, Chairman & CEO, *Protégé Energy III LLC*
- **Mark Shucmacher**, President, *Titan Energy LLC*
- **Allen Gilmer**, Co-Founder and Executive Chairman, *DrillingInfo*
- **Patrick R. Oenbring**, CEO, *Hawkwood Energy*
- **Jarl Pedersen**, Chief Communication Officer, *Port of Corpus Christi Authority*
- **Steve Millican**, VP and GM, Austin Chalk/Eagle Ford, *EnerVest Ltd.*

"Producers are jumping on lower costs in the Eagle Ford and seeking best practices to stay ahead of the curve with the region's world-class reservoir rock," said Leslie Haines, conference host and Executive Editor-at-Large for Oil Gas Investor. "DUG Eagle Ford's premier speaker-slate and information-packed agenda is sure to help those searching for market intelligence."

This year's conference agenda will also feature a [Technology Showcase](#), which will present best practices and emerging technologies used in the drilling and completion of Eagle Ford wells. To see the complete agenda or register, please visit [DUGeagleFord](#).
